LAKESIDE WOODEN BOAT SOCIETY

In the last three summer seasons at Lakeside LWBS has offered regular Sunday evening cruises on Amazing Grace, the restored 1937 32' Richardson Cruisabout. Each year the cruises have become more and more popular with over one hundred passengers last season alone on Amazing Grace and many more on LWBS member Lymans.

Amazing Grace has become an icon at the Lakeside pier. She brings back fond memories for those who recall the days when beautiful wooden boats were commonly seen docked at the Lakeside waterfront. Many of our passengers have wanted to introduce their children, grandchildren and great grandchildren to the joys and pleasures of cruising on Lake Erie aboard a classic wooden boat.

Cruises became so popular that LWBS members classic wood boats were added to the schedule to fulfill the demand and still some were not able to be accommodated. As a result the Amazing Grace Cruise Committee has been working to develop a plan to provide many more cruising options at Lakeside.
